

MGCS-Energy Audit Company

Check us at
http://www.mgcs.net.in/hvac_energy_audit.php

**We conduct Energy Audit for
all Electrical equipments,
HVAC Equipments etc.**

Major Components for Energy Audit

- HVAC System
- Building Structure
- Lightning Distribution
- Motors
- Process Equipment
- Boilers, Steam Furnaces

Check us at

http://www.mgcs.net.in/hvac_energy_audit.php

Electrical Audit System:

- To study efficiency of Electrical Equipments like Transformers, Motors, Pumps, Compressor etc.
- To study efficiency of consumables like UPS, Capacitor etc.
- To check on voltage regulation
- To check on validation of cable sizing
- To check on efficiency of HVAC Systems

Thermal Audit System:

- To study efficiency of Thermal Equipments like Boilers, DG etc.
- To check on steam leakage
- To check on steam trap assessment
- To check on thermal insulation
- To check on efficiency of thermal devices of HVAC Systems

**Get Energy Audit done now
Manage Energy Use
Reduce your Energy Consumption
Lower your Energy Bills
Prevent Voltage Fluctuations**

Check us at

http://www.mgcs.net.in/hvac_energy_audit.php

MGCS professional audit can help in:

- Reducing your energy bills
- Correction Power Quality Issues
- Managing Energy Consumption
- Safety from Electrical Hazards
- Energy Conservation for future
